

Ava IntelliJ IDEA (peale Vali-IT installerit)

Ava IntelliJ

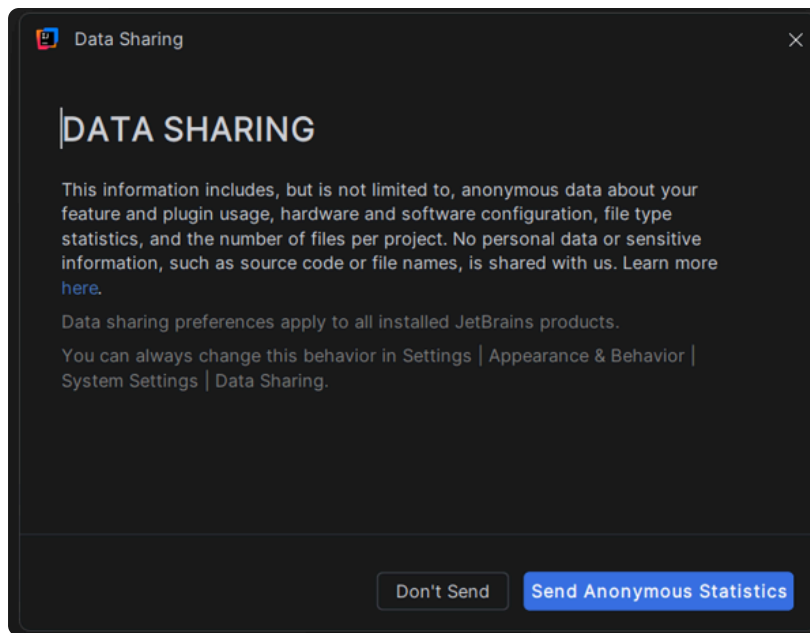

- Kasuta Windows search
 - Kirjuta `intellij`
 - Vali app IntelliJ

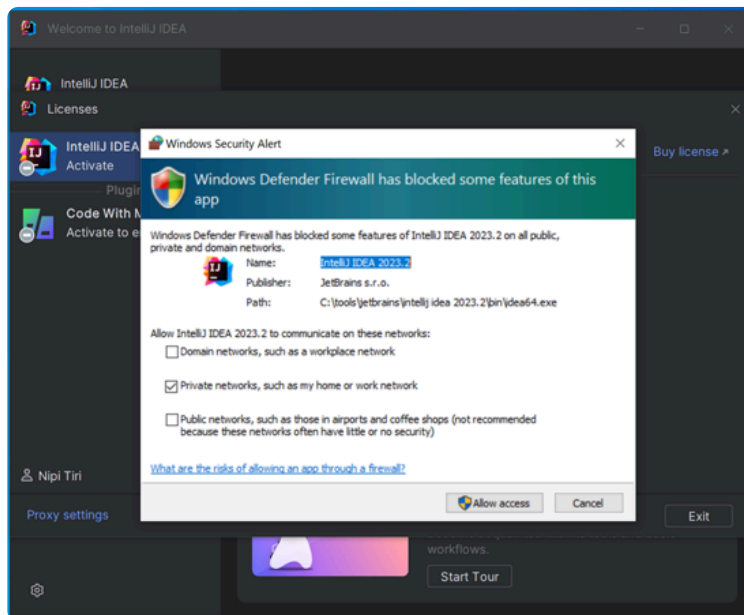

- Acceпти Rainbow brackets
 - Kui küsitakse, et kas lubada plugina Rainbow brackets, siis selle võib aksepteerida:

- Data sharingust võib keelduda

- Juhul kui tuleb ette selline Defender Firewall teade, siis → Allow access
 - Võib panna ticki Private networks

- Kui IntelliJ avaneb, siis peaks avanema Welcome screen:
