

Ava IntelliJ IDEA (peale Vali-IT installerit)

Ava IntelliJ

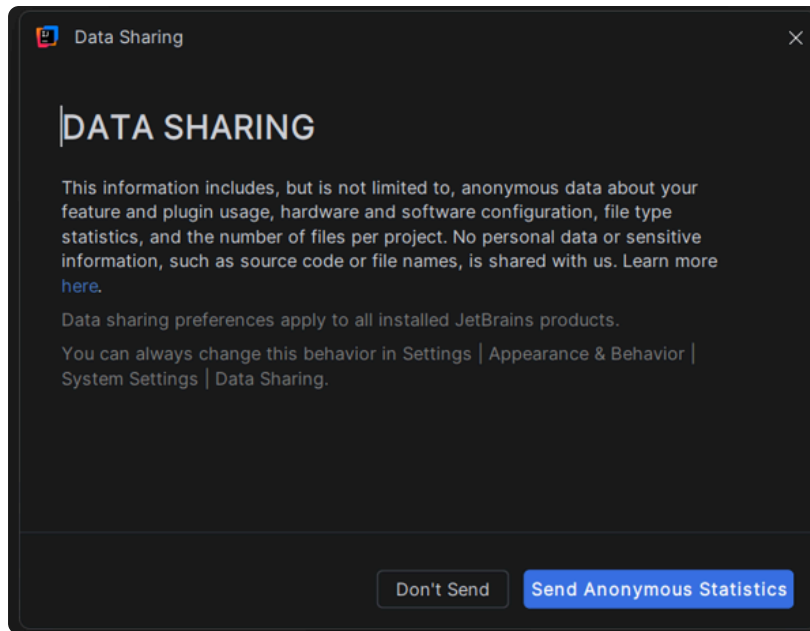

- Kasuta Windows search
 - Kirjuta `intellij`
 - Vali app IntelliJ

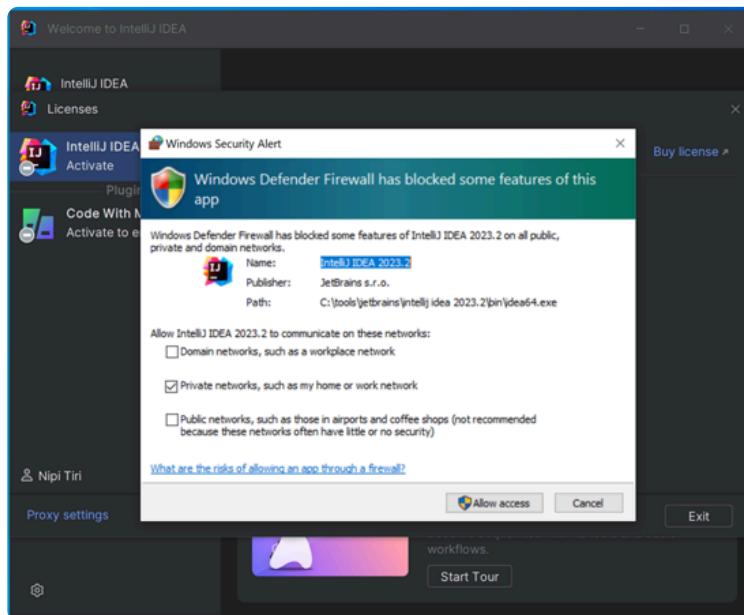

- Accepti Rainbow Brackets ja Claude Code pluginad
 - Kui küsitakse, et kas lubada pluginaid Rainbow Brackets ja Claude Code, siis need võib aksepteerida:

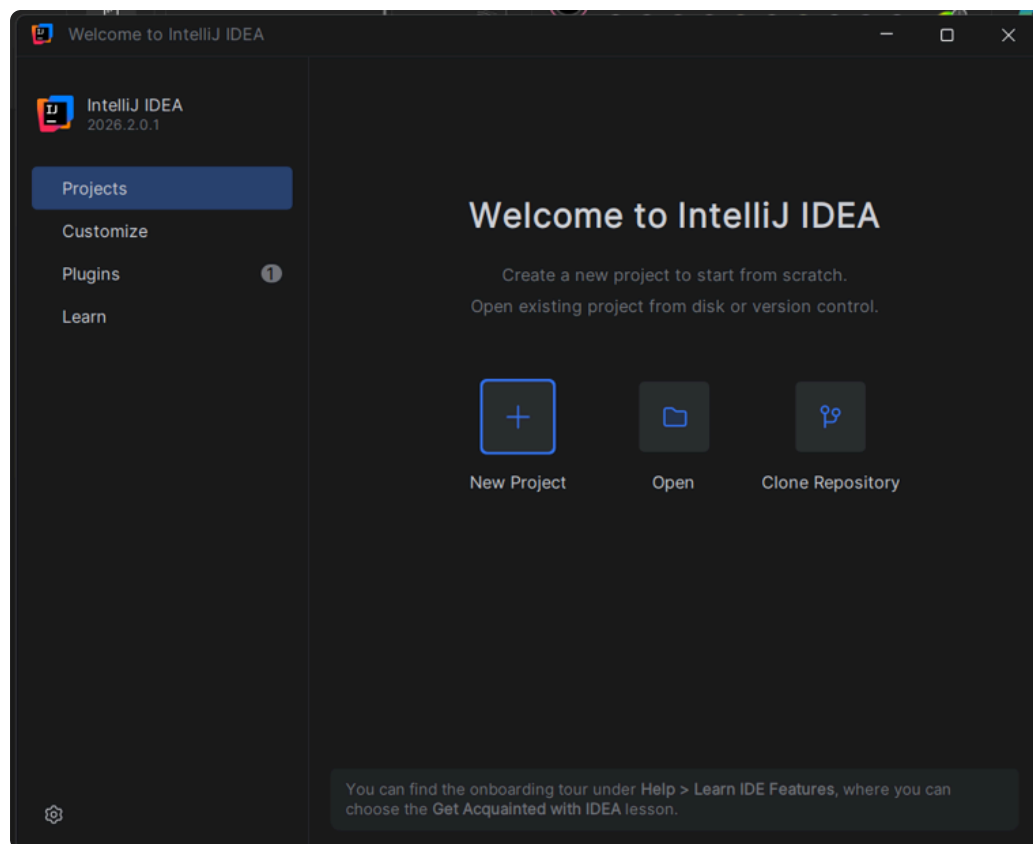

- Data sharingust võib keelduda

- Juhul kui tuleb ette selline Defender Firewall teade, siis → Allow access
 - Võib panna ticki Private networks

- Kui IntelliJ avaneb, siis peaks avanema Welcome screen:

You can find the onboarding tour under [Help > Learn IDE Features](#), where you can choose the [Get Acquainted with IDEA](#) lesson.
